The students participated enthusiastically and showcased their communication skills, creativity, and confidence. The programme provided an excellent platform for students to enhance their language skills and express their talents.

BALAMANDIR ACTIVITIES

BALAMANDIR OPENING DAY

The first day of school is a mixture of anxiety and excitement, not only for a child but also for the parents and grandparents accompanying their wards to school. The day marks the beginning of one of the most important phases of a child's life.

Our school reopened on 3rd June 2026, and our little buds of Pre-KG and LKG entered the schooling phase of their lives with much hope and aspiration. The school held a special assembly to welcome the little ones. The prayer song and welcome song added warmth and joy to the atmosphere.

Our Principal, Vice Principal, Headmistress, Executive Vice Chairman, and Management Committee members addressed the students and motivated them for a happy, prosperous, and successful year ahead. The teachers introduced themselves, and the children looked charming as they settled into their new school environment.

The teachers had beautifully decorated the Balamandir wing with boards, ribbons, balloons, and different types of leaves. The children received a warm welcome from the school and the management, making their first day a memorable and pleasant experience.

5TH JUNE 2026

WORLD ENVIRONMENT DAY

World Environment Day was celebrated on 5th June. The students of Balamandir observed the day by planting saplings in the school premises.

The main objective of the programme was to create awareness among the students about the importance of protecting and preserving our environment. The children actively participated in the activity and were excited to contribute towards making the environment greener and healthier.

The programme helped instill a sense of responsibility and care for nature among the young learners.

29TH JUNE 2026

TOY DAY ACTIVITY

Playing with different types of toys encourages children to express themselves and understand others' thoughts and emotions. It also helps develop social skills, empathy, and imagination through play.

The Toy Day Activity was held at Balamandir on 29th June 2026. It was a fun-filled event that promoted social awareness and language development. The activity was colourful and

engaging. Teachers explained the importance of toys, and the children brought different types of toys from home. They enjoyed playing with their toys, while different toy shops were set up and various activities were conducted. The toys were displayed in an exhibition-style arrangement.

It was indeed an enjoyable and memorable experience for the children.

The aim of the activity was to make children aware of the different skills they can develop through play.

TEACHER'S TALK

MS. INDHU K G

We have now entered a new academic year. Today, I would like to share a small experience from my classroom. One day, I entered my class carrying a blank sheet of paper. The students looked confused because they had no idea what I was going to do. I instructed them to draw anything they wished. Some students smiled with excitement, while others looked nervous. Nevertheless, they all began drawing. As I walked around the classroom, I noticed one student sitting quietly. I went up to him and asked, "Why haven't you started yet?" He whispered, "What if I spoil the page?" I smiled and said, "A blank page becomes beautiful only when we have the courage to begin. Mistakes are a part of learning." Then, I drew a tiny star in the corner of his paper and said, "Every big picture starts with one small step." Slowly, he picked up his pencil and started drawing. At first, his hands trembled, but little by little, his confidence grew. Soon, his page was filled with colours, dreams, and ideas. From this experience, we can understand that a new academic year is just like a blank sheet of paper. There will be colours, achievements, challenges, and even mistakes. What matters is not starting perfectly, but having the courage to begin and keep moving forward. So, dear children, remember this: every new beginning is like an empty page. Fill it with confidence, courage, hard work, and hope.

GOWRI LAKSHMI K P

HARD WORK

Today, I am going to tell you about hard work. Hard work means doing our work sincerely and never giving up. When we study, play, and draw whatever stream it may be practiced every day, we become better and more confident. As you all are children, your main aim is to get a good mark in examinations so you should work hard and practice every day to achieve your goals. Dear children, Here is a small story. One day, a little ant wanted to carry a grain of rice to its home. The grain was heavy, and the ant dropped it many times. But the ant did not give up. It kept trying and finally carried the grain home. The ant succeeded because it worked hard and never stopped trying. Children, like the little ant, we should always do our best in our studies, games, and daily activities. If we work hard and never give up, we can achieve our goals.

"HARDWORK IS KEY TO SUCCESS".

TEACHER'S TALK

AMRUTHA P

The Power of Small Habits

Let me share a simple yet meaningful story.

There were two students, Rahul and Neha. Rahul had a habit of postponing his studies. He would often say, *"I will study later,"* waiting for what he thought was the "right time." Days went by, but that "right time" never really came. Neha, on the other hand, followed a different approach. She did not wait for the perfect moment. Instead, she studied for just 20 minutes every day. It didn't seem like much, but she stayed regular and focused.

As days passed, the examination time came closer. Rahul suddenly realized he had a lot to cover. He began studying everything at once. He felt stressed, tired, and confused.

Neha remained calm and confident. Since she had been preparing little by little every day, she didn't feel overwhelmed.

Finally, the results were announced. Neha performed very well, while Rahul felt disappointed.

Curious, Rahul asked her, *"How did you succeed?"*

Neha smiled and replied, *"I didn't do big things. I just did small things every day."*

Dear students, this story teaches us an important lesson—the power of small habits.

So always remember: Start small, stay consistent, and success will follow.

Let me conclude with a quote

We do not become successful overnight.

We become successful through small efforts repeated every single day.

TEACHER'S TALK

REMYA P. K.

SELF-CONFIDENCE

Today, I would like to speak a few words about self-confidence. Self-confidence means believing in yourself and trusting your abilities. It helps us face challenges, overcome difficulties, and achieve our goals.

Every successful person has faced failures and obstacles, but they never lost confidence in themselves. Remember, no one is perfect. Making mistakes is a part of learning and growing. To build self-confidence, always think positively, work hard, and never compare yourself with others. Believe that you are capable of doing great things. Speak confidently, be honest, and keep trying even when things seem difficult.

As students, you should have faith in your talents and abilities. With determination, discipline, and self-confidence, nothing is impossible.

Self-confidence is essential for a child's growth and development. Parents and teachers can help children build confidence by encouraging and appreciating their efforts, allowing them to make decisions, and teaching them to learn from their mistakes. Providing opportunities to participate in sports, arts, and other activities helps them discover their talents and abilities.

By giving children proper guidance, encouragement, and positive role models, we can help them develop strong self-confidence and grow into successful and responsible individuals.

Let us always remember: "Believe in yourself, and you will be halfway to success."

JUNE (2026-2027)

1. Date: 04.06.2026

Circular No: Acad-36/2026

Subject: Observance of World Environment Day & Ek Ped Maa Ke Naam 3.0 campaign

World Environment Day is observed every year on 5th June across the globe to promote awareness and encourage action for environmental protection. The theme for World Environment Day 2026 is “Climate Change.”

On this occasion, various programmes were conducted in the school, including a pledge-taking ceremony and an awareness video on conserving nature. A quiz competition was also organized to engage students and enhance their understanding of environmental issues. Additionally, saplings were planted within the school premises as part of the ‘Ek Ped Maa Ke Naam 3.0’ campaign, promoting the message of nurturing nature.

2. Date: 18.06.2026

Circular No: Acad-43/2026

Subject: P.N. Panicker Reading Day- Month Celebration 2026

The Government of Kerala observes 19th June as the ‘Day of Reading’ in memory of P.N. Panicker, the father of the Library Movement in Kerala. To honour his legacy, the P.N. Panicker Foundation organized a month-long celebration of reading and literacy activities from 19th June to 18th July 2026.

The initiative aimed to inculcate reading and digital reading habits among school students and the underprivileged, thereby contributing to the universalization of education across the country.

As part of the observance, various activities were conducted in the school. These included the Reading Day pledge and several engaging events organized by the Language Departments, such as essay writing, word-building competitions, quizzes, book reviews, and an exhibition of new book arrivals.

These initiatives successfully encouraged students to develop regular reading habits and fostered a lifelong love for books.

3. CBSE Health and Wellness Programme – Healthy Food Habits

As part of the CBSE Health and Wellness Programme, a talk on Healthy Food Habits was conducted for the students of Classes IV to VIII during the month of June. The session highlighted the importance of a balanced diet and healthy eating habits for overall well-being.

Students were encouraged to include nutritious foods such as fruits and vegetables in their daily diet and to avoid excessive consumption of junk food. The programme helped create awareness about making healthy food choices and maintaining a healthy lifestyle.
