SUBJECT: ENGLISH

TEXT: FLOWERS SEMESTER I AND II

JUNE	Phonics drill Rhyme: Bless me god(semester I page 13) Revision: A to Z, a to z, a to z Vowels and consonants: a, e, i, o, u Usage of a/an/the (semester I page 60,61)Exercises given in the text book [Semester-I] page 14 to 21	Will be able to recognize many letters and their corresponding sounds and tries to decode words. Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to recognize the letters, memorizes the alphabets, reads and writes the alphabets. Will be able to enhance the reading skills, Identifies and learns new words, enables good progress in phonics and deals with words that are unfamiliar. Will be able to identify the first letters of each words and uses the correct article.
-------------	--	--

JULY	Rhyme: Little wind (semester I page 7)	Will be able to recite rhymes with comprehension and participates in rhythmic activities.
	Story :All together (semester I page 63) Myself :Oral [7 sentences] Word families: an, at, ad, ag, ap, ar word families Writing: Rhyming words Opposite : fat x thin Exercises given in the text book [semester-I] page 22, 23	Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions. Will be able to tell about themselves Will be able to identify beginning and end sounds of words. Plays with words and creates rhyming strings such as hat, fat, bat.....Creates own words by combining vowels and consonants. Will be able to compare two different things and develops more concrete understanding of specific concepts.
AUGUST	Rhyme: Knock, Knock..... (semester I page 13)	Will be able to recite rhymes with comprehension and participates in rhythmic activities.
	Story: All together (semester I page 63) Word families: ed, en, et, ell, word families Writing rhyming words Opposite words: slow x fast Exercises given in the text book (semester I page numbers 24,25)	Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions. Will be able to identify beginning and end sounds of words. Plays with words and creates rhyming strings such as hen, men, tenCreates own words by combining vowels and consonants. Will be able to compare two different things and develops more concrete understanding of specific concepts.

SEPTEMBER	Rhyme :Traffic light(semester I page 37) Story :Jack and the beanstalk (semester I page 63)	Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions.
	Word families :ill, in, ip, it, ix word families writing: rhyming words Opposite words: in x out One and many (semester II page 16) Exercises given in the text book (semester I page 26,27)	Will be able to identify beginning and end sounds of words. Plays with words and creates rhyming strings such as tip, lip, dipCreates own words by combining vowels and consonants. Will be able to compare two different things and develops more concrete understanding of specific concepts. Will be able to understand the terms singular and plural. Learns spellings of words with ‘s’ for plurals.
OCTOBER	Rhyme: Mrs. Hen (semester I page 57) Story: Jack and the beanstalk(semester I page 63) Word families: og, op, ot, ox, od word families Writing: Rhyming words Opposite words: hot x cold Exercises given in the text book (semester I page 29)	Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions. Will be able to identify beginning and end sounds of words. Plays with words and creates rhyming strings such as fog, hog, log.....Creates own words by combining vowels and consonants. Will be able to compare two different things and develops more concrete understanding of specific concepts.

NOVEMBER	Rhyme: After my bath (semester I page 57) Story : Ant and the bird (semester I page 64) Word families: ug, um, un, ut, ub word families Writing: Rhyming words Opposite words: tall x short Usage of am/are (semester I page 33) Exercises given in the text book [semester I page 31]	Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions. Will be able to identify beginning and end sounds of words. Plays with words and creates rhyming strings such as bun, sun, runCreates own words by combining vowels and consonants. Will be able to compare two different things and develops more concrete understanding of specific concepts. Will be able to understand that we are talking about ourselves, we will use am and when we are talking about other person we will use are.
DECEMBER	Rhyme: The little bird(semester II page 8) Story : Ant and the bird (semester I page 64) Opposite words: big x small Action words(semester II page 38,39) Usage of this / that, usage of these / those(semester I page 43,44,45 and semester II page 17,18,19)	Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions Will be able to compare two different things and develops more concrete understanding of specific concepts. Will be able to describe things like their activities and movement. Will be able to tell that a person or object is singular, plural, near or far.

JANUARY	Rhyme: Little sparrows (semester II page 44) Story : The fox and the crane (semester II page 59)	Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to narrate events of story in a sequence. Tells story with correct pronunciation
----------------	---	--

- FEBRUARY	Myself [writing]: My name is..... I am five/six years old. I am in UKG. Opposite words: up x down He/She/It/his/her(semester I page 34 and semester II page 52,53) Yes/No(semester I page 35,36) Usage of and Rhyme: Old mac Donald(semester II page 58) Story : The fox and the crane (semester II page 59) Myself [writing] My school is BVB Akamala. I come from,..... Positional words: in, on, near, under(semester II page 40,41) Opposite words: day x night Double letters(semester II page 12,13,14)	and actions in a sequence and answers complex questions Will be able to write about their name, age, in which class they are studying. Will be able to compare two different things and develops more concrete understanding of specific concepts. Will be able to understand gender identity and understands that pronoun is a type of word that replaces a noun. Will be able to get a clear idea about what is the object is and answers the question. Will be able to say the names of two objects by using and. Will be able to recite rhymes with comprehension and participates in rhythmic activities. Will be able to narrate events of story in a sequence. Tells story with correct pronunciation and actions in a sequence and answers complex questions Will be able to write about their name, age, in which class they are studying, what is the name of their school and from where they are coming. TEXT BOOK: मुसकान

EXAM/MONTH	TOPIC	LEARNING OUTCOME
JUNE	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS अ आ इ ई	Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences.
	गिनती : एक से दस तक [1 to 10]	Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.
	COLOURS NAME (रंगों के नाम) [ORAL] काला = Black, नीला = Blue, पीला = Yellow, सफ़ेद = White, लाल = Red, हरा = Green RHYME : रंगो	Will be able to develop the ability to recognize, pronounce, and recall colour names in Hindi, enhancing language skills. Will be able to recite rhyme with action and good pronunciation.
JULY	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS उ ऊ ऋ ए ऐ	Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences.
	गिनती : एक से दस तक [1 to 10]	Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.

AUGUST	FRUITS NAME (फलों के नाम) [ORAL] अनार = Pomegranate, आम = Mango, सेब = Apple, सतरा = Orange, अगुर = Grapes, केला = Banana	Will be able to expand vocabulary by learning the names of various fruits in Hindi. Enhances language acquisition by associating fruit names in Hindi with their corresponding English equivalents.
	RHYME : फल (आम)	Will be able to recite rhyme with action and good pronunciation.
	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS ओ औ अं अः	Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences
	गिनती : एक से दस तक [1 to 10]	Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.
	FLOWERS NAME (फूलों के नाम) [ORAL] गुलाब = Rose, कमल = Lotus, चमेली = Jasmine, सूरजमुखी = Sunflower, कुमुदिनी = Water lily	Will be able to expand vocabulary by learning the names of various flowers in Hindi. Enhances language acquisition by associating flower names in Hindi with their corresponding English equivalents.

		Will be able to recite rhyme with action and good pronunciation.
	RHYME : फूल	
SEPTEMBER	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS क ख ग घ ङ	Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences
OCTOBER	REVISION : स्वराक्षर अ - अं: गिनती : एक से दस तक [1 to 10]	Will be able to write Hindi swarakshar Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.
	DAYS OF THE WEEK (दिनों के नाम) [ORAL] सोमवार = Monday, मंगलवार = Tuesday, बुधवार = Wednesday, गुरुवार = Thursday, शुक्रवार = Friday, शनिवार = Saturday, रविवार = Sunday,	Will be able to expand vocabulary by learning and practicing the names of the days of the week in Hindi. Enhances language acquisition by associating the days of the week in Hindi with their corresponding English equivalents.
	RHYME : चंदा	
	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS च छ ज झ ञ	Will be able to recite rhyme with action and good pronunciation. Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences

	ट ठ ड ढ ण REVISION : स्वराक्षर अ - अः गिनती : एक से बीस तक [1 to 20] VEGETABLES NAME (सब्जीयों के नाम) [ORAL] आलू = Potato, टमाटर = Tomato, प्याज़ = Onion, बैंगन = Brinjal भिंडी = Lady's Finger, गाजर = Carrot RHYME : सब्जी	Will be able to write Hindi swarakshar Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers Will be able to expand vocabulary by learning and practicing the names of various vegetables in Hindi. Enhances language acquisition by associating vegetable names in Hindi with their corresponding English equivalents. Will be able to recite rhyme with action and good pronunciation.
NOVEMBER	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS त थ द ध न REVISION : स्वराक्षर अ - अः गिनती : एक से बीस तक [1 to 20]	Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences Will be able to write Hindi swarakshar. Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.

	PARTS OF BODY (शरीर के अंगों के नाम) [ORAL] आँख = Eye, कान = Ear, नाक = Nose, मुँह = Mouth, हाथ = Hand, पैर = Leg RHYME : गुडिया	Will be able to expand vocabulary by learning and practicing the names of various body parts in Hindi. Enhances language acquisition by associating body part names in Hindi with their corresponding English equivalents.
		Will be able to recite rhyme with action and good pronunciation.
DECEMBER	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS प फ ब म	Will be able to develop the ability to recognize and identify each Hindi letters. Learns to form each Hindi letter correctly using the appropriate strokes and sequences
	REVISION : स्वराक्षर अ - अः गिनती : एक से बीस तक [1 to 20]	Will be able to write Hindi swarakshar. Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.
	BIRDS NAME (चिडीयों के नाम) [ORAL] कौआ = Crow, तोता = Parrot, मोर = Peacock, कोयल = Cuckoo, मुरगि = Hen	Will be able to expand vocabulary by learning and practicing the names of various birds in Hindi. Enhances language acquisition by associating bird names in Hindi with their corresponding English equivalents.
	RHYME : तोता	Will be able to recite rhyme with action and good pronunciation.

JANUARY	IDENTIFICATION WITH WORDS AND WRITING	Will be able to develop the ability to recognize and identify each Hindi letters.
	OF LETTERS य र ल व श ष	Will be able to learn to form each Hindi letter correctly using the appropriate strokes and sequences
	गिनती : एक से बीस तक [1 to 20]	Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers.
	ANIMALS NAME (जानवरों के नाम) [ORAL] शेर = Lion, हाथी = Elephant, गाय = Cow, बकरी = Goat, बंदर = Monkey RHYME : हाथी	Will be able to expand vocabulary by learning and practicing the names of various animals in Hindi. Enhances language acquisition by associating animal names in Hindi with their corresponding English equivalents.
		Will be able to recite rhyme with action and good pronunciation.
FEBRUARY	IDENTIFICATION WITH WORDS AND WRITING OF LETTERS स ह क्ष त्र ञ श्र REVISION :	Will be able to develop the ability to recognize and identify each Hindi letters. Will be able to learn to form each Hindi letter correctly using the appropriate strokes and sequences

	स्वराक्षर अ - अ: व्यंजनाक्षर क - श्र गिनती : एक से बीस तक [1 to 20] RHYME : तारे	Will be able to write Hindi swarakshar and vynjanakshar Will be able to develop foundational numeracy skills by learning to count in Hindi, understanding the sequence of numbers. Will be able to recite rhyme with action and good pronunciation

TEXT BOOK: FLOWERS SEMESTER I AND II

JUNE	Counting: 1 to 100 Writing : 1 to 50 Concepts: big – small, tall - short Exercises given in the text book [semester-I page 66, 72,7374,7576,77]	Will be able to count numbers 1 to 100 in order. Can count forward from a particular number up to 10 Will be able to develop foundational numeracy skills by learning to write and recognize numbers 1 to 50 in sequential order. Will be able to develop the ability to discriminate between objects based on their size, identifying big, small, tall and short items.

JULY	Counting: 1 to 100 Writing: 51 to 60, 1 to 60 Concepts: long – short, more-less, thick-thin Number names: one-1, two-2, three-3 Exercises given in the text book (semester I page 67,68, 86,87, 96)	Will be able to count numbers 1 to 100 in order. Can count forward from a particular number up to 10 Will be able to develop foundational numeracy skills by learning to write and recognize numbers 1 to 60 in sequential order. Will be able to develop the ability to discriminate between objects based on their size, identifying long, short, more, less, thick and thin items. Will be able to develop foundational numeracy skills by learning to associate number names with their corresponding numerical symbols.
AUGUST	Counting: 1 to 100 Writing : 61 to 70, 1 to 70	Will be able to count numbers 1 to 100 in order. Can count forward from a particular number up to 10 Will be able to develop foundational numeracy skills by learning to write and recognize numbers 1 to 70 in sequential order.
	Concepts: heavy – light, far near Number names: four-4, five-5, six-6 Exercises given in the text book [semester I PAGE 69,70,71,88,89,90,91,92]	Will be able to develop the ability to discriminate between objects based on their size, identifying heavy, light items and far and near objects. Will be able to develop foundational numeracy skills by learning to associate number names with their corresponding numerical symbols.

SEPTEMBER	Writing: 71 to 80, 1 to 80 (semester II page 78,79) Shapes(semester I page 78,79,93,94,95) Number names: seven-7, eight-8 Bigger and smaller numbers (semester I page 97,98,99, semester II page 66)) Sorting(semester I page 80,81,semester II page 62)	Will be able to develop foundational numeracy skills by learning to write and recognize numbers 1 to 80 in sequential order. Will be able to identify each shapes and constructs shapes, compares shapes. Will be able to develop foundational numeracy skills by learning to associate number names with their corresponding numerical symbols. Will be able to develop foundational numeracy skills by understanding the concepts of larger and smaller numbers. Will be able to compare and classifies objects by more than three factors like shape, colour, size
OCTOBER	WRITING : 81 TO 90, 1 TO 90(semester II page 80, 81) NUMBER NAMES : nine-9, ten-10, eleven-11, twelve-12 Before-After-Between numbers(SEMESTER II page 69,70,71) Smaller than (<) Greater than (>) Equal to (=)(semester II page 72,73 74,75,76,77) Matching and grouping(semester I page 82,83,84,85, semester II page 63,64,65)	Will be able to develop foundational numeracy skills by learning to write and recognize numbers 1 to 90 in sequential order. Will be able to develop foundational numeracy skills by learning to associate number names with their corresponding numerical symbols. Will be able to develop foundational numeracy skills by understanding the sequential order of numbers and their relationships. Will be able to compare two numbers correctly. Identifies the symbols correctly. Will be able to compare quantities that are not equal in nature. Matches the pictures with same number of objects.

NOVEMBER	WRITING:91 TO 100, 1 TO 100(semester II page 82,83,84,85,86) Backward Counting 20 to 1 Increasing Order Decreasing Order(ascending and descending order) ODD NUMBERS:1, 3, 5, 7, 9, 11, 13, 15, 17, 19 EVEN NUMBERS:2, 4, 6, 8, 10, 12, 14, 16, 18, 20 NUMBER NAMES :thirteen-13, fourteen-14	Will be able to develop foundational numeracy skills by learning to write and recognize numbers 1 to 100 in sequential order. Will be able to develop foundational numeracy skills by understanding the reverse order of numbers. Will be able to develop foundational numeracy skills by understanding the concept of increasing order and decreasing order. Will be able to develop foundational numeracy skills by understanding the concept of odd and even numbers. Will be able to develop foundational numeracy skills by learning to associate number names with their corresponding numerical symbols.
DECEMBER	WRITING:1 TO 100 NUMBER NAMES : fifteen-15, sixteen-16, seventeen-17, eighteen-18	Will be able to write the numbers 1 to 100 in order. Will be able to develop foundational numeracy skills by learning to associate number names with their corresponding numerical symbols.
	Skip counting by 5's: 5, 10, 15,20, 25, 30, 35, 40, 45, 50 Skip counting by 10's: 10, 20, 30, 40, 50, 60, 70, 80, 90, 100 ORDINAL NUMBERS(1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th)	Will be able to count by skipping 5's. Improves their counting fluency and recognize number patterns. Will be able to count by skipping 10's. Improves their counting fluency and recognize number patterns. Will be able to describe the position of objects using ordinal numbers. Writes ordinal numbers up to the tenth number using numbers.

JANUARY	WRITING:1 TO 100 Addition(semester I page 100, 101,102, 103,104,105,106,107,108,109) Addition with 0 Addition with 1 Picture addition Horizontal addition Vertical addition TIME NUMBER NAMES :nineteen-19, twenty-20	Will be able to write numbers 1 to 100 continuously. Will be able to learn the vocabulary of addition as putting together. Will be able to grasp the concept that addition represents combining two or more quantities to find a total. Will be able to understand that clocks are tools used to measure time. Recognize the basic parts of a clock, including the clock face, hour hand, and minute hand. Learns to read and understand the position of the hour hand on a clock to tell time Will be able to write the numbers in words. Develops foundational numeracy skills by learning to associate number names with their corresponding numerical symbols.
----------------	---	--

FEBRUARY	WRITING:1 TO 100 [REVISION] NUMBER NAMES one-1 to twenty-20 SUBTRACTION(semester II page 87 to 97) Subtraction with 0 Subtraction with 1 Picture subtraction Horizontal subtraction Vertical subtraction	Will be able to write numbers up to 100 in order. Will be able to write the numbers in words from 1 to 20 Will be able to understand the concept of subtraction as taking away or finding the difference between two quantities. Understands that subtraction is the inverse operation of addition
MARCH	REVISION : ALL THE PORTIONS (Semester II page 98,99,100,101,102)	

EXAM/MONTH	TOPIC	LEARNING OUTCOME
JUNE	SEQUENCE ART	Will be able to express their creativity and unique artistic through their sequence art, fostering individually.
JULY	BOTTLE CAP PRINTING	Will be able to improve finger strength and hand control. Uses prints to form objects. Will be able to understand reuse of waste materials.
AUGUST	WOOL ART	Will be able to develop an understanding of different types of wool and fibres, their properties, and how they can be manipulated for artistic purposes
SEPTEMBER	FINGER PRINT ART	Will be able to encourage creative thinking and imaginative expression as students use their fingerprints to form various shapes, objects, or scenes.
OCTOBER	COLLAGE ART	Will be able to develop an understanding of various materials used in collage art, such as paper, fabric, and applies fundamental design principles, such as balance, contrast, and emphasis, in creation of collage art.
NOVEMBER	SHELL WORK	Will be able to develop knowledge of different types of shells, including their shapes and sizes. Enhances fine motor skills through the delicate handling of shells during the crafting process.

DECEMBER	VEGETABLE ART	Will be able to develop knowledge of different types of vegetables, including their colours, shapes, and textures. Enhances fine motor skills through the precise cutting, carving, and arranging of vegetables during the art making process.
JANUARY	LEAF ART	Will be able to develop knowledge of different types leaves, including their shapes, sizes, and textures, and understanding the diversity of plant life. Enhances fine motor skills through the cutting, and arranging of leaves during the art making process.

FEBRURY	PAPER FOLDING ART	Will be able to develop an understanding of basic origami techniques, including folding, creasing, and shaping paper.
MARCH	PALM PRINTING ART	Will be able to develop fine and gross motor skills through the controlled movement and pressure applied by the palms during the printing process. Provides a sensory-rich experience as students engage with the tactile qualities of paint, exploring different textures and colours.

FREE DRAWING

EXAM/MONTH	TOPIC	LEARNING OUTCOME
JUNE	JUG AND GLASSES	Will be able to develop the ability to observe and analyse the shapes,
		proportions, and details of a jug and glasses.
JULY	GRAPES AND A BIRD	Will be able to develop the ability to observe and analyse the shapes, textures, and details of grapes and a bird.
AUGUST	POND	Will be able to develop the ability to observe and analyse the elements found in a pond, such as water, aquatic plants, rocks, and possibly aquatic life.
SEPTEMBER	FRUITS BASKET	Will be able to develop the ability to observe and analyse the shapes, sizes, and textures of various fruits. Develop composition skills by arranging different fruits in a visually interesting and balanced way within the drawing space.
OCTOBER	THIRSTY CROW	Will be able to develop the ability to tell a story visually through drawings, capturing key moments and themes from the "Thirsty Crow" narrative.
NOVEMBER	FLOWER POT	Will be able to develop the ability to observe and analyse the shapes, proportions, and details of a flower pot.
DECEMBER	CUP AND SAUCER	Will be able to develop the ability to observe and analyse the shapes, proportions, and details of a cup and saucer.

JANUARY	BIRDS	Will Be able to develop the ability to observe and analyse the anatomy, and characteristics of different bird species.
FEBRUARY	PARROT	Will be able to develop the ability to closely observe and analyse the unique features, colours, and anatomy of parrots.
MARCH	SCENERY	Will be able to develop the ability to closely observe and analyse the elements present in a landscape.

MONTHLY ACTIVITIES FOR 2026-2027

- 1. JUNE 5 : ENVIRONMENTAL DAY**
- 2. JUNE 29 : TOYS DAY**
- 3. JULY 10 : A TALK ON HEALTH AND HYGIENE**
- 4. JULY 22 : PUPPET SHOW**
- 5. JULY 28 : DAY OF VIBRANT RED**
- 6. AUGUST 3 : OUR WONDERFUL WEATHERS**
- 7. AUGUST 11 : DAY OF PEACEFUL BLUE**
- 8. SEPTEMBER 3 : SREEKRISHNA JAYANTHI CELEBRATION**
- 9. SEPTEMBER 14 : A DAY IN A FARM**
- 10. SEPTEMBER 22 : FLOWER SHOW**
- 11. SEPTEMBER 30 : DAY OF BRIGHT YELLOW**
- 12. OCTOBER 1 : FRUIT SALAD DAY**
- 13. OCTOBER 16 : A GLIMPSE TO A FOREST**
- 14. OCTOBER 23 : A DAY OF PLEASANT PURPLE**
- 15. NOVEMBER 2 : KERALA FESTS**
- 16. NOVEMBER 16 : A TRAVEL ON WHEELS**

17. NOVEMBER 30	:	DAY OF DOMINANT GREEN
18. DECEMBER 4	:	A TALK ON GOOD TOUCH AND BAD TOUCH
19. DECEMBER 30	:	VEG SALAD DAY
20. JANUARY 4	:	DAY OF ENERGETIC ORANGE
21. JANUARY 21	:	OUR WONDERFUL FLYING CREATURES
22. FEBRUARY 4	:	DAY OF PLAYFUL PINK
23. FEBRUARY 16	:	SENSORY EXPLORATION DAY
24. FEBRUARY 25	:	ROLE OF HELPMATES OF OUR COMMUNITY
25. MARCH 5	:	DAY OF BLACK AND WHITE

.....
